

**WBNG's Builder Spotlight**

Featuring...

**MAJESTIC HOMES:**

Majestic Homes  
founder Marlon Morris

Majestic Homes is a residential home building company. The company was formed in 2005 as a hobby. I could not have dreamed that the hobby would explode into what it is today. I founded the company on the principle of providing quality affordable housing to the consumers of Morgan County and the surrounding areas. I always pride myself on giving my customers more home for their hard earned money. With opportunities for Custom and Spec homes in Morgan and Lawrence counties, my "hobby" quickly became another full time career. However, it's an undertaking that I enjoy immensely. Building homes gives me an outlet for my creativity. Nothing is more exciting to me than seeing an empty piece of land with the potential for a beautiful home on that land in only a few short months. However, the most satisfaction I get from building homes is seeing my customers dreams become realities.

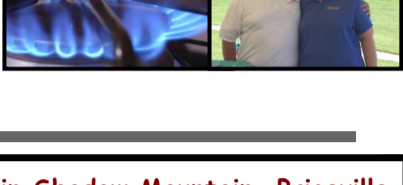

**Where to find a quality built home by Majestic Homes:**

PRICEVILLE	DECATUR
Shadow Mountain	City View Estates
Cove Creek Crossing	Greystone

**The smart Partnership  
WBNG & Majestic**

- Why use Natural Gas
- Provides Instant Heat
  - More even cooking temperature
  - Gas logs provide backup heat when power is off
  - More economical for consumer
  - Quicker recovery time on hot water
  - No propane tanks to fill
